

Program: Soul Rights

Amnesty Intergalactic is working in cooperation with Story Galactic to defend the rights of all beings wherever they are from. At the heart of this program is the study of the defense of the rights of what makes all of us infinite in any dimension: the soul.

Amnesty

INTERGALACTIC

As Tess Space Enterprises is treating diligently all matters on Earth, it reflects on the condition of those here, and in other galaxies, who are deprived of their fundamental rights, and decides to create Amnesty InterGalactic, funded by its enterprises and generous individuals and corporations, so that no one should ever be detained, as body or soul, against her or his will.
